

42nd ANNUAL AWARDS BANQUET
 recognizing excellence in concrete design and construction for 2009

The Rocky Mountain Chapter announces its 42nd Annual Concrete Awards Banquet. This annual event provides recognition for creative, innovative, aesthetic and imaginative uses of concrete in Colorado and Wyoming. The Awards Program is a 42-year old tradition of honoring the top projects that were built with one of the world's oldest and most reliable building materials. The program has evolved into a prestigious and well-recognized event in the local construction industry as it distinguishes excellence in every aspect of concrete design and construction.

The program will exhibit numerous projects from many different categories. These projects were judged by a group of practicing industry professionals. This Awards Program is surely to be exciting and surprising, and we would like you to be part of it. Members and spouses, colleagues and guests are cordially invited to join us as we honor these outstanding concrete projects.
